Day 12

DAVID

David is famous for many things! First, when David was a boy he defeated the Philistine giant Goliath in a battle. This made David famous among the Israelites, and King Saul made David a

leader in the army. But God had bigger plans for David - Samuel had anointed David to be the next king of Israel! David was a good king - he followed God, and God blessed him. God promised David that one of his descendants would lead God's people forever! David made some mistakes, but he also loved God very much. David wrote most of the book of Psalms.
