

7 BIG QUESTIONS ABOUT GOD!

- 1** Do you ever feel anxious or scared? We are all scared sometimes, even grown ups! But we have a God who knows the future and promises that He will take care of us! God tells us all through the Bible to not be afraid. Let's read Isaiah 41:10 together and reflect on God's big promise to us.
- 2** We can trust everything that the Bible teaches is true! God cannot lie because He cannot sin, and He inspired the Bible. The Bible can be a great place to go for comfort and joy. Are there stories or promises in the Bible that you turn to when you need comfort and joy?
- 3** Everything the Bible teaches is true, but sometimes the authors of the Bible used poetry or word pictures to show us things about God. For example, Psalm 91 says that God will cover us with his feathers! We're not birds and God doesn't really have feathers, but that gives us a picture of how He will always protect us. Can you come up with a short poem or word picture about God? Use your imagination!
- 4** There are so many ways we can show respect to God! He wants to have a relationship with us. Think about ways you are a good friend to the people in your life - by talking to them, encouraging them, and being kind to them. You can be God's friend the same way - through prayer, praise and listening to His words in the Bible! Let's pray to God or praise Him with a song right now!
- 5** We can also show respect to God through the way we treat other people. We can use our words kindly when we speak to other people, and we can also love our neighbors through our actions! What are some ways you can put your love for God into action this week by helping the people around you?
