

FAMILY DISCUSSION GUIDE

Parents, after your kids watch the DVD, take time to talk about what they learned using the questions below.

1. James tells us to be “doers” of the Word - not just hearers. **What are some ways we can put our love for God into action this week?**
2. Jude contains a beautiful doxology, which is like a little poem praising God. **Let’s write a short poem of praise to God together!**
3. John’s vision in the book of Revelation contains lots of symbols that can be hard to understand! **But if we step back and look at the WHOLE book, God is painting a beautiful picture of what for us?**
Revelation shows us that God is going to destroy all evil and make things right in the world! We will live forever with God in a beautiful world, where there will be no more tears or sadness or suffering.
4. We’ve finished the Bible! Genesis to Revelation - and learned all about God’s Great Rescue Plan! **Let’s take a few minutes to talk as a family about what we’ve learned, and then let’s praise God for His promises and faithfulness by singing a song or praying a prayer to Him.**

Help your kids understand the **WHOLE BIBLE...**
